- VI. VISIT CALIFORNIA PRESENTATION—Brian Wright presented several California tourism marketing videos showing the iconic destination images of the state. He briefed the board on the status of tourism from UK, CAN and China, pointing out that the new US Visa Waiver program allows for easier access to travel to California for residents of China. Visit California wants to make sure they have the pertinent information to continue to work with MCTC. He also pointed out that tourism dollars dropped off in San Diego once the TOT bid was denied. He warned that if you stop talking about your area, someone else will start talking about theirs.
- VII. DIRECTOR OF TOURISM DEVELOPMENT PRESENTATION—Richard Strom gave a brief report on how the Visit California entities are broken down into 12 entities. Mendocino County is within the North Coast region. They provide up to \$60K in funding to the North Coast if matched. Some of this is in cash and other is in-kind. Mendocino's contribution of \$10K is waived because Richard administers it as the

Rep. This year they are focusing on Canada, UK, and Australia. Visit California will be working with Time, Inc. or PulsePoint that will work to create content to drive tourism to the four northern counties. Currently 10.2% of the visitmendocino.com website traffic is international. They want to assist in the MCTC marketing goal of driving 240,000 unique visitors to the website this year. This plan has been reviewed with Carl Ribaudo who suggested that focusing on top markets should also increase the international market share.

#### VIII. UPDATE FROM FINANCE COMMITTEE—

- 1) Report out from Treasurer regarding June 2, 2016 Finance Committee-Some payouts were missing receipts upon reviewing the credit card statement. They also reviewed contractor reimbursements and will review staff reimbursements at future meetings. The Committee decided that the vacation time will be reflected in payroll but not added to the P&L unless it's paid out. They also posed the question of who should sign off on reimbursements in lieu of having an ED, however nothing was decided.
- 2) Discuss MCLA BOD insurance for 2016, paid by MCTC-The Treasurer posed the question of whether the BOD would like to request a reimbursement of the payment or not since this should have been an MCLA expense rather than MCTCs.

This will not include the County match. The Treasurer provided letters from Jon Moore that explained what happened that resulted in this decision.

XIII. UPDATE FROM AD-HOC BYLAWS COMMITTEE—Pauline Zamboni stated that in speaking with Jennifer O'Brien the Code of Ethics policy that was accepted at the last MCTC meeting was fine, however the Conflict of Interest policy needs to be revised to reflect a more equivalent version in line with the public officials. Pauline will be working with Jennifer to include the new policy language along with adding the standing Executive Committee.

XIV. DISCUSSION REGARDING DATE OF MCTC REGULAR BOARD MEETING—Marcus pointed out that the Doodle Poll showed Director's availability leans towards Wednesday rather than Tuesday. This also allows for attendance by the Board of Supervisor members. **Motion to change meeting dates from Tuesday to the second Wednesday of the month made by Marcus Magdaleno; Seconded by Debra DeGraw. Motion passed (9-1).** The meeting dates are codified within the MCTC Bylaws as the second Tuesday of the month, so the meeting change to Wednesday will not happen until the Bylaws are amended.
