They are a Financial, Tax and Business Service firm, located in Fort Bragg CA.

I preferred someone local that will be available for questions and who would advise, educate and provide direction for us as we grow and advance forward.

In my opinion, a large impassive company will not provide these components that I feel our petite organization needs.

Kristine's pricing is reasonable.

The charge is \$25.00 per payroll and as a bi-monthly payroll those costs will be \$50 per month.

There is an additional fee of \$5 per payee (Kristine said she will give us our contractors for free) so that would be an additional monthly amount of \$20.00.

Total Monthly cost for Payroll Processing would be \$70.00.

Kristine also stated she would donate back to Visit Mendocino County \$25.00 of those monthly charges bringing **our total monthly payroll costs to \$45.00.**

There is a \$75.00 fee for quarterly tax filing and reporting and annually there is a cost of \$7.00 per payee for W-2's and 1099's.
