

# Reopening Campaign

June 25, 2020

# Room to Roam

## *In House Information ONLY*

Our Audience has been sheltering in place for months. Most in city settings, small apartments with no greenspace, fresh air is at a premium. Our guests have been educating their children while learning a new way to conduct their work, cooking and cleaning. Our region gives visitors exactly what they are looking for during this stressful time, Room to Roam.
